Silver Travertine 1858K-55
with a Crescent Edge

WHY STOP AT THE TOP?

Custom edges from
Wilsonart give your
countertop the sculpted
look of more expensive
materials, like stone,
at a fraction of the cost.
It's a beautiful look on
a modest budget,
a choice that feels
as smart as it looks.

Laminate shown on cover:
African Slate 1856K-55
with a Cascade Edge

The image shows three different countertop edge profiles. The top one is a dark brown granite with a beveled edge. The middle one is a light green and white granite with a cascading edge. The bottom one is a reddish-brown granite with a rounded, crescent-shaped edge. In the background, there is a white countertop with a white pitcher and a glass, and a window with blinds.

EDGE CHOICES

Beveled

Cascade

Crescent

Consider a Beveled Edge for a crisp, detailed look. Our Cascade and Crescent styles wrap deftly for a flow that's as smooth as silk.

Pairing your countertop with different edge profiles and the Wilsonart array of designs can express your own style in hundreds of ways.
