

Decorative Edges

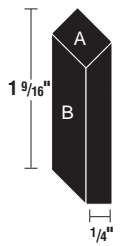

The “wow” is in the details.

Wilsonart® Decorative Edges add the perfect finishing touch to tables, desks, and reception counters. Choose from hundreds of Wilsonart Laminate colors, patterns, and textures. Customized to your specifications, Decorative Edges create a clean, finished look that easily and affordably transforms surfaces into sculpted architectural details. Because they offer a totally tailored finish to any of our laminate surfaces, Decorative Edges can be a subtle, or not so subtle, completion to any environment.

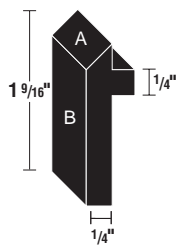

A new take on edgy design.

A perfect framing technique for any countertop or tabletop, Wilsonart Decorative Edges are perfect for lunchroom tables, conference rooms, company kitchens, and more. Available in two bevel-edge profiles, Wilsonart Decorative Edges offer a cost-effective way to enhance environments while simultaneously eliminating the brown seamline that's all too visible with cap edge details.
