

Edgeband

Cost-Effective Design Solutions from Wilsonart

At last, an Edgeband solution that complements nearly 200 Wilsonart® Contract Laminate designs!

Wilsonart® Edgeband is made of ABS plastic*, a recyclable, chlorine-free polymer that offers these benefits over traditional PVC and HPL strip edging:

- A smoother finish
- More heat resistant
- Minimizes heat shrinkage issues
- Minimizes attraction of dust
- Lighter weight
- Easier to handle
- Less costly to ship
- No special set-up, machining or adhesives

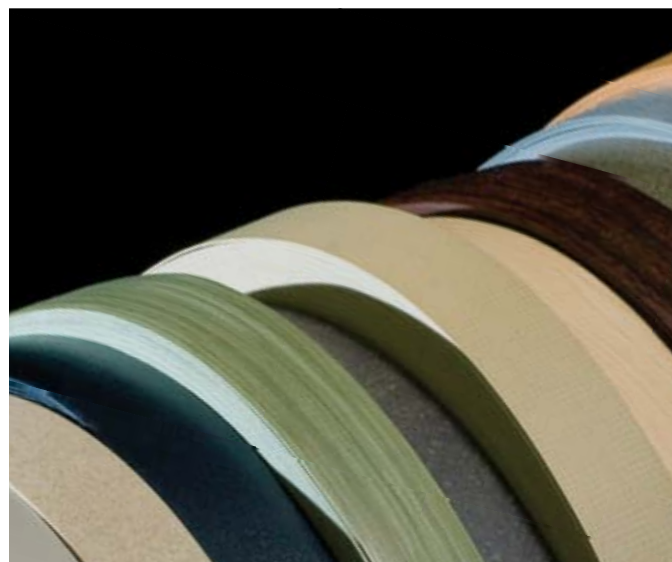

* Woodgrain designs in 3MM will be stocked in PVC, with color-through graining that eliminates "picture framing" effect when trimmed.

Availability

Standard Stock Size – 15/16" x .018".
Special Order sizes listed below. Minimum order 1 roll. See inside for details.

Width	Thickness	Length of Roll
15/16"	.018"	600 L/F
15/16"	3MM*	328 L/F
1-5/16"	.020"	600 L/F
1-5/16"	3MM*	328 L/F

For more information and current availability, visit our website at www.WilsonartContract.com/Edgeband.

Suggested Uses

Cabinets, Cabinet Doors, Drawers, Shelves, Tables, Furniture, Fixtures, Countertops
Use 3MM edgebanding for impact resistant edges on interior doors and work surfaces
