

Wilsonart® Solid Surface: Sustainability Summary

Our commitment to Sustainability and environmentalism has long been a part of Wilsonart's culture and success for over fifty years. In recent years as a responsible member of the global community, our manufacturing and distribution networks have grown into a worldwide network and our impact on the environment has become an integral part of our culture. The fact is, environmental stewardship is a policy to us, not a one-time project. It's simply good business.

- Recycled Content: Wilsonart® Solid Surface offers several designs with *pre-consumer recycled content*, as independently certified by [Scientific Certification Systems](#). (SCS-MC-02018)
- Low Emitting Materials: Wilsonart Solid Surface exceeds the industry's highest standards for Indoor Air Quality, with GREENGUARD® Indoor Air Quality and GREENGUARD Children & Schools certifications.

[USGBC LEED Potential Credits](#) = 7
